

# The Investment

Wedding stationery starts at \$105 for Pocketfold Invitations, \$90 for Panel Pockets and \$75 for Flat Printing. These prices are based on an order for 25 invitation suites which include the invite, special information, response postcard, reception card and envelope.

This does not include envelope liners, specialty papers, ribbons, and shipping + handling.

Each invitation suite is completely custom and so is the pricing which is why Jamie Lynne Creative will provide you with a detailed quote for your wedding stationery.
